### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

#### **IN THE CLAIMS**

In claims 23-26, line 1, the term "complex" has been deleted, and --composition-- inserted therein.

#### **Reasons for Allowance**

The following is an examiner's statement of reasons for allowance: amended claims 1-17, 18, and 20-26 are not reasonably taught or suggested by the prior art of record. Additionally, claim 18 has been amended to be a composition consisting of the purified complex of claim 1 (one molecule of endotoxin bound to one molecule of MD-2; as opposed to a composition comprising a complex of endotoxin to MD-2), as this amendment was later deemed necessary based on a determination by the Office that it would have been obvious by one of ordinary skill in the art to take the known complex of native endotoxin bound to native MD-2 (as opposed to a 1 molecule:1 molecule thereof), and place in composition even if not inherently therein within the art of record (the breadth of which would merely encompass being in a liquid solution).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

*Conclusion*

Claims 1-17, 18, and 20-26 are allowed.
